

Graceville Memorial Park Lighting Procedure

- E-Switch

Purpose

To ensure the effective use of the grounds installed technology and therefore the management of the grounds lighting systems. In this regard, ensuring all parties are cognisant of our responsibilities and our neighbours

Procedure

- *All lighting will be pre- set set at the beginning of each season for standard training requirements eg Cricket Nets and Oval 5.15pm -8.45pm and adjusted in spring to 6pm to 9pm.Mondays to Friday*
- *All sub leases will be required to provide standard hours for such pre season setting to WSDCC Club Administrator.*
- *WSDCC Administrator is the Authority for the approvals and management of lighting system across the park. All arrangement must be approved through that role.*
- *Two members of each club will be given access to the lighting app and briefed on its usage.*
 - *This is to allow changes to be made should wet weather or unavailability mean the lights are not required.*
- *To facilitate our Good Neighbour Policy all Clubs allocated responsible officer should not leave the facility until the lights switch off in the unlikely event of an e-switch failure.*
- *Please note only the app can be used for turning the lights ON and OFF*
- *If you are using the facilities at the same time as other parties please communicate with each other on who turned the lights on or off*
- *AGAIN, there should be little need to operate the lighting around the set arrangements but it is each Clubs responsibility to ensure lights are turned off at the set or arranged times.*
